Welcome Back!

We hope you all had a great Easter break and are recharged for the next term.

We have delivered over 132 activities to over 5,300 learners across Lancashire so far this academic year, including 14 careers fairs, multiple mock interviews and several other sessions to support learners as they progress. Our activities target Gatsby Benchmarks as well as allow learners to make choices about their next steps. Read Jahnaya's story to hear about the impact of our mentoring sessions.

Last term, we successfully launched and delivered three of our Pillars of Growth boxes - Energy & Low Carbon, Advanced Manufacturing and Health. A careers lead shares how Energy and Low Carbon boxes helped learners, he shares,

"It's an excellent resource and provides pupils with an opportunity to investigate future low carbon possibilities for travel. It will get pupils thinking of alternatives to fossil fuels and how their generation can help with climate change."

This term, we are excited to launch our fourth box, Food & Agriculture. For more information and to order a box, click [here](#).

To reach more people and provide everyone with an easier and more accessible way to receive updates about our latest projects and offerings, we are also excited to share that we are now active on LinkedIn. [Connect with us!](#)

Lastly, here's an opportunity for you to get involved with us.

We are looking for schools in Lancashire to take part in a research study looking at the effectiveness of Online vs In-Person outreach activities. Participating schools will receive a package of three employability sessions, which will be delivered by Future U. To learn more & get involved, click [here](#).

TEENAGER'S TALE AN INSPIRATION FOR YOUNG PEOPLE

"I hadn't really thought about my future before the mentoring scheme," Jahnaya says. "If anything, I was just planning on going straight into work as soon as I could, however after hearing about the sessions everything changed for me."
