

Lesson Plan

Pillars of Growth: Health

Overview

This is a 60-minute session where learners are introduced to the Health sector including potential careers and pathways. It is light-touch and interactive, designed to be engaging and age-appropriate for Year 7. Learners complete a series of activities, including a themed board game, to build their understanding of the breadth of roles within the health sector.

Learning Objectives:

Aim: To learn about careers in the health sector.

Objectives:

- To describe the health sector and recall some roles within.
- To experience challenges that some people may face within health careers.
- To talk about the skills and qualities needed for a career in health.

Success Criteria:

- All learners will have worked in groups to move their patients across the board game.
- Learners will be able to understand the importance of Health sector and identify opportunities within Lancashire to grow these industries.

Resources (provided):

Starter Task Folder

- 7x Roadmap
- 7x Label packs

Boardgame Resource Folder x7

- 7 x Oven gloves
- 7 x Pickle jars
- 7 x PPE equipment folders
- 7 x Ear Defenders
- 7 x Vision impairment glasses

Resources (additional):

Spare board game tokens/PPE equipment

Lesson Plan	
PowerPoint slides	
<p>Organisation:</p> <p>It is worthwhile getting all resources out of the box prior to the start of the session. As facilitator you will talk the class through the introduction slides, using the notes if required, following the prompts and putting students into groups for activities. You will lead questioning to check learning when prompted. Once the tasks are complete, you will then go through the final slides on careers and pathways.</p>	

Time	Facilitator's Activity	Learners' Activity
10 mins	<p>Session Intro Use the PowerPoint to introduce topic, explain objectives and initially question learners on NHS roles.</p>	<p>Session Intro Learners listen, ask relevant questions and take notes where needed.</p>
5 mins	<p>Task – Starting Positions Explain the task as described on the slides. Put learners into groups and hand out starter task folders to groups.</p>	<p>Task – Starting Positions Working in groups, learners place healthcare professionals to help patients to full recovery.</p>
